

Scottish Topology Seminar

Tuesday, 27 May, 2014

515 Mathematics Building, 15 University Gardens, University of Glasgow
(D4 on the campus map at www.gla.ac.uk/media/media_1887_en.pdf)

*12:30-1:15PM Lunch in Maths Common Room**

1:15-2:15 **Michel Boileau** *Commensurability of knot complements and hidden symmetries*
(Marseille)

2:30-3:30 **Tim Riley** *Hyperbolic groups, Cannon-Thurston maps, and hydra*
(Cornell)

3:30-4PM Tea break

4:00-5:00 **Andras Stipsicz** *Knot Floer homologies*
(Renyi Institute)

*6PM Dinner**

*The Scottish Topology Seminar is organised by Richard Hepworth (Aberdeen),
Brendan Owens (Glasgow) and Andrew Ranicki (Edinburgh).
We gratefully acknowledge support from the Glasgow Mathematical Journal Trust.*

**Please email brendan.owens@glasgow.ac.uk if you will come for lunch and/or dinner. Mention any dietary restrictions. Some travel money is available especially for graduate students: apply by email.*
